

WCPSC Team Kit Policy

A more comprehensive range of items, including Team Manager, Officials and Supporter items will be available soon, but our current kit policy for swimmers is stated below:

WCPSC Swim Caps

Competition: Must wear a Winchester City Cap for competing either normal silicone or bullet options.

Training: WCPSC Swim Caps/Hats are encouraged to be worn at all training sessions. They must be worn at media events, or when we are training alongside the public, other swimming activities.

Team Kit

Training T-Shirt

This is the core item of team kit. Swimmers will be expected to wear these on poolside during competitions. These can be personalised with names on the back. Ideally we would prefer these to be Surnames e.g. HARRISON. or where there are more than one swimmer the same surname could be M. HARRISON. If swimmers would prefer first names then this is fine, but we request that there be no nicknames. This will add to our professional presentation as a team. If there is one item of kit to get this T-shirt is the one for swimmers to allow ourselves to present as a united team.

Polo T-Shirt

A black short sleeved collared shirt, with embroidered logo on the chest. This can also be embroidered with Initials on the opposite side to the team logo underneath the "Surridge logo". The polo shirt will be worn by squads at various times throughout each season, for arrival at meets, photo shoots and for medal ceremonies, etc

WCPSC Shorts

The black team Shorts are to be used at competitions, during land training sessions and for photo occasions. In hot venues, we expect them to be more commonly used than the Tracksuit Trousers. The swimmer's initials can be put above the Surridge logo.

WCPSC Tracksuit Trousers

The Tracksuit Trousers are a necessary item for all swimmers, for arriving at a competition and for wearing during a meet, If preferable to the shorts. Initials can be put below the Surridge logo.

WCPSC Hoodie

This item of kit is expected to be used for arrival at competitions and on poolside if/when needed - poolside temperatures usually call for a t-shirt only. Swimmers have the option of their names being embroidered on the opposite side to the team logo. Hoodie's should not be worn for presentations at competitions.

WCPSC Performance Top

This is a great alternative to the Hoodie and coupled with the tracksuit bottoms makes a tracksuit. This is great for swimmers to travel to competitions, or to wear on poolside. It will also be worn during competition presentations and media opportunities.

WCPSC Rain Jacket

This item is of invaluable use on those cold winter mornings and during bad weather on those Monday night runs! There is the option to have initials of the swimmer on the opposite side of the chest to the Team logo.

WCPSC Beanie Hat

This item is invaluable on the cold mornings, travelling to and from the pool and school. It is important for swimmers to keep their heads warm. This can also look good as a fashion item to travel to competitions and even on poolside.

WCPSC Rucksack

A Blue Seventy 40L Rucksack with separate compartments for wet and dry items. 2 x drinks holders, 3 x additional smaller pockets, including one for headphones. Rucksacks can have Initials printed on the front. A Rucksack is a must for all swimmers to contain their swimming kit, for competitions and training sessions.

Please note that all WCPSC swimmers who have finished competing, or who are not competing in a particular session at a meet, but wish to stay poolside with the team must also comply with this kit policy.

It is envisaged that all swimmers competing for the team will purchase a training t-shirt as this is the team kit to be worn on poolside.

We hope that swimmers will also purchase other items of kit, but appreciate that this maybe done over time. In the meantime, all swimmers competing for the team must wear plain black shorts or tracksuit bottoms on poolside.

NO Colourful Board shorts, or hot pants will be allowed to be worn whilst representing the team.
